Reviews

A top quality publication along with the font used was intriguing to read. I really could comprehend everything using this written ebook. Its been designed in an remarkably straightforward way and it is only after i finished reading through this publication by which basically altered me, modify the way i believe.

(Cathrine Larkin Sr.)

CANCER: A VERY SHORT INTRODUCTION

Oxford University Press. Paperback. Condition: new. BRAND NEW, Cancer: A Very Short Introduction, Nick James, In 1961 John F. Kennedy pledged to put a man on the moon by the end of the decade. Nine years later, Neil Armstrong and Buzz Aldrin walked on the moon. Ten years later, Richard Nixon echoed this pledge by declaring a 'war' on cancer. More than 30 years later, however, cancer remains one of the largest causes of death worldwide, with around 1 in 3 developing the disease. Curing cancer is not 'rocket science', but the question is, why has cancer proved to be harder to tackle than the moon landings turned out to be? Cancer research is a major economic activity. There are constant improvements in treatment techniques that result in better cure rates and increased quality and quantity of life for those with the disease, yet stories of breakthroughs in a cure for cancer are often in the media. In this Very Short Introduction Nick James, founder of the CancerHelp UK website, examines the trends in diagnosis and treatment of the disease, as well as its economic consequences. Asking what cancer is and what causes it, he considers issues surrounding expensive drug development, what can be done to reduce the risk of developing cancer, and the use of complementary and alternative therapies. ABOUT THE SERIES: The Very Short Introductions series from Oxford University Press contains hundreds of titles in almost every subject area. These pocket-sized books are the perfect way to get ahead in a new subject quickly. Our expert authors combine facts, analysis, perspective, new ideas, and enthusiasm to make interesting and challenging topics highly readable.
